

## NINTENDO NEWS NETWORK

**NINTENDO ULTRA 64** EARLY RELEASE?

Word has it Nintendo are planning to launch NU 64 sooner than expected, possibly to coincide with PlayStation and Saturn. At the very least we are assured NU 64 hardware is being readied for display at the imminent E3 show in Los Angeles, along with demonstrations of its vast capabilties perhaps even early demos of games! Paradigm have confirmed that at least one of these demonstrations is their handy work: remember they are one of the teams benefiting from Shigeru Miyamoto's contributions.

It is the sheer size of Nintendo's display area at E3 – their biggest yet – that has started the rumours flying. But the expected NU 64 announcement is only part of what is planned for the second half of 1995. A list of developers is confirmed for Virtual Boy (see story) and, from what we can gather, the Super NES is poised to hit hard with something more spectacular than Donkey Kong Country. And we ain't kidding!

VIRGIN ON THE AMAZING!
Yet another link is drawn between musician Peter Gabriel and

Nintendo Ultra 64 this month, as Virgin Interactive Entertainment are signed up to develop for the dream machine. While Angel studios are busy on their project, Rebecca Allen, who's also worked with Mr Gabriel on video projects, is producing a 3D action game of the kind never seen before. Scheduled for 1996, it's a vague proposition for sure though unbiased contacts confirm the project really is 'that cool.' The tension mounts.

**POWER SURGE!** 

The Power Rangers Movie released next month is going to save the world though we're unlikely to be safe from it. To coincide with the theatrical release, Toy manufacturers Bandai are planning to unleash a second Super NES game to feature the heroes dressed in Tutti-Frutti bike gear. A movie report is to follow next month, meanwhile here's an exclusive first look at the game.

What did you expect croquet? Of course it's a beat 'em up! This time the rangers can jump in and out of the foreground as a tactical advantage over Ivan Ooze's hench men. He's the new baddie, didn't you know. Note the new characters too: Red Ranger is now Rocky, Aisha steps in as Yellow Ranger and Black Ranger is now Adam; though both Trini and Zack feature briefly in the film. Queue the music...

VIRTUAL ROY

It's rare that a product is kept so firmly under wraps that even the popular Japanese press have a tough time previewing it, but Nintendo Co Ltd are keeping everyone at bay over Virtual Boy. Nintendo of America have been kind enough to supply some information however, making it possible for us to present you with this full list of prospective games and the names of their developers.
